SSLC Overview and Mission

Two distinct and very different schools share a common administration. These two schools are Southwest Secondary Learning Center (SSLC) and Southwest Aeronautics Mathematics and Science Academy (SSLC). This Policy Manual is specific to Southwest Secondary Learning Center (SSLC).

The mission of the Southwest Secondary Learning Center (SSLC) is to utilize blended learning, traditional and community-based instruction in an accelerated academic curriculum to sustain a high-performing learning community.

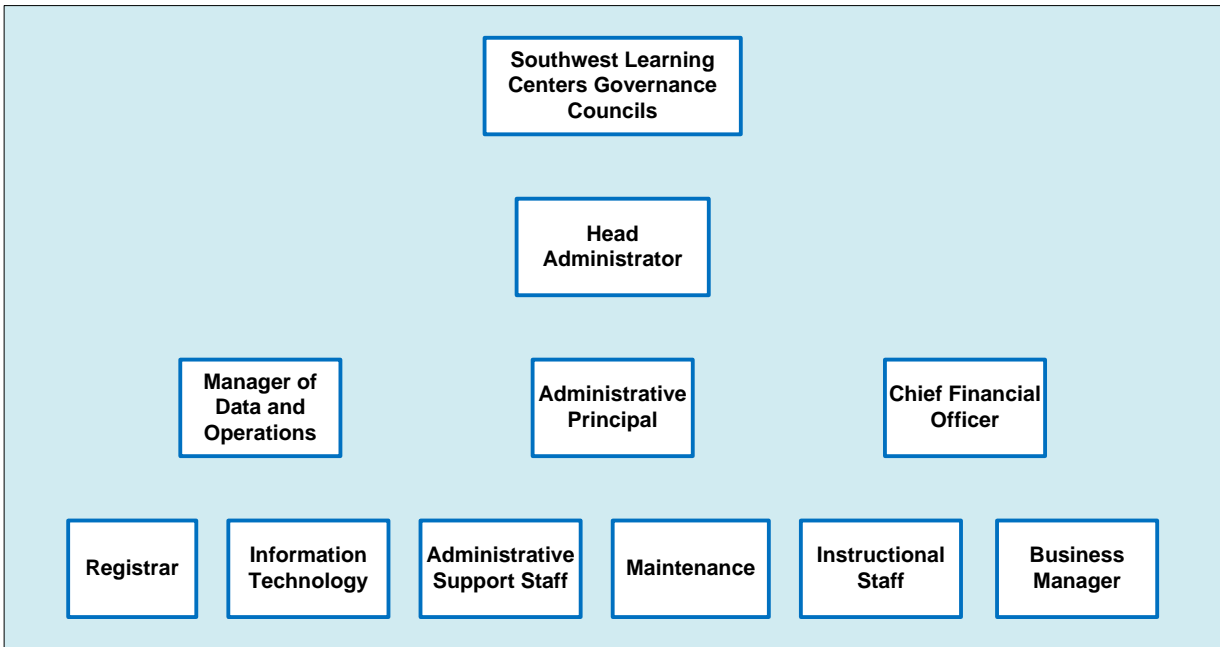

SSLC is comprised of grades 9-12. SSLC utilizes and sustains an environment with accelerated academic curriculum.

Through a long-term commitment to this mission, we are known as a school that can offer quality alternative learning opportunities for all students. Students, parents, and the community view the school as offering challenging and creative learning environments for students.

General School Administration

The general school administration is shared by the Southwest Secondary Learning Center (SSLC) and Southwest Aeronautics, Mathematics and Science Academy (SSLC). This practice is utilized to sustain a consistent administrative approach to support an accelerated academic curriculum, a high-performing learning community, a financially stable environment, and a daily operational process to support the mission.

The administrative approach is divided into three components for operational efficiency and control. These components consist of the Administrative Principal for all academic processes; Chief Financial Officer for all financial processes; and the Manager of Data and Operations for all daily operational processes.

SSLC AUTHORIZER

SSLC is a State Charter school and is “authorized” as a State Charter school by the Public Education Commission (PEC) and managed by the Public Education Department (PED) of New Mexico. From the authorizer, SSLC has a Contract and a Performance Review Framework which contains specific objectives and goals that must be achieved yearly.

Personnel Policies, Procedures, and Additional Employee Processes

This section of the Employee Handbook aligns with Section G of the SSLC Policy Manual. This section specifies the specific policies governed by the Governing Body followed by the Procedure used to carry out the Policy through actual actions and activities to be demonstrated. This section also includes additional employee processes.

1. Equal Employment

The SSLC is an equal opportunity employer. The school prohibits discrimination on the basis of disability, race, ethnicity, color, sex, sexual orientation, national origin or ancestry, religion, age, veteran status and/or any other protected status as defined by law, in all facets of employment, compensation, promotion, transfer, demotion, layoff, termination or selection for School-sponsored training programs. Discriminatory behavior violates state and federal laws and regulations.

2. Employee Relations

Nothing in this employee handbook shall be construed to limit or affect the right of any employee to express a view or opinion on any matter related to the condition or terms of

employment, so long as the same does not interfere with the full, faithful, and proper performance of the employee's duties or interrupt the educational process for the students.

3. Position Description

The school shall maintain an adequate job description for each Certified or Non-Certified employee. The job description is based on the duties and tasks that the employee performs at the school.

4. Compensation and Wages

**(See SSLC Internal Controls)*

5. Employee Conflict of Interest

Employees must not engage in any activities, transactions, or relationships that are incompatible with the impartial, objective, and effective performance of their duties. Public employment is a public trust. Employees must maintain integrity and high ethical standards and may not use their position to advance personal or private interest. All employees must disclose real or potential conflicts of interest, as well as any activities that might be perceived as a conflict of interest, as directed by the Government Conduct Act., NMSA 1978, § 10-16-3.

6. Nepotism

The school shall comply with all applicable state and federal statutes regarding nepotism. The Governing Body and the Head Administrator shall not engage in nepotism in any of its operations or hiring practices. The School shall not initially employ or approve initial employment in any capacity a person who is a family member of the Governing Body or the Head Administrator. The Governing Body may waive this policy for family Members of employees.

7. Employee Standards of Conduct

Employees of the school shall maintain the highest standards of conduct and act in a mature and responsible manner at all times. Employees must not engage in a) verbal or physical conduct, which harasses, disrupts, or interferes with another's work performance or which creates an intimidating, offensive, or hostile environment or b) activities which violate federal, state or local laws or which, in any way, reflect adversely on The School.

8. Staff Conduct with Students

The School strongly believes that a part of the schools' mission is to promote moral and ethical behavior by our students. These values are best promoted by "leading by example". While all forms of unlawful discrimination and harassment are prohibited, it is the policy of the School to emphasize that sexual harassment is specifically prohibited. The School is committed to providing a workplace that is free of sexual or other prohibited harassment. The School has zero tolerance for sexual harassment. Verbal or physical contact by an employee, including sexual advances, requests for sexual favors and other conduct that harasses, disrupts or interferes with another employee's work performance or that creates an intimidating, offensive or hostile work environment will not be tolerated.

Every employee has the responsibility to maintain the workplace free of any form of prohibited harassment, sexual or otherwise. No individual is to threaten or insinuate, either explicit or implicitly that submission to sexual advances is a term or condition of an individual's employment, or that refusal to submit to sexual advances will adversely affect the employee's employment, evaluation, compensation, advancement, assigned duties, shifts or any other term or condition of employment or career development. No individual is to favor in any way an applicant or employee because that applicant or employee has performed or shown a willingness to perform sexual favors for the individual. Sexual harassment also includes conduct that has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Examples of conduct which may constitute sexual harassment are:

Any employee who believes that the actions or words of a supervisor, fellow employee or non-employee constitute sexual harassment or other prohibited harassment has a responsibility to report or complain about such conduct promptly to his/her supervisor.

All complaints of sexual or other prohibited harassment shall be investigated promptly, impartially and in as confidential a manner as possible by the supervisor/principal. If an employee is not satisfied with the handling of a complaint or the action taken by the investigator, then the employee should bring the complaint to the attention of the Head Administrator. In all cases, the complaining employee will be advised of the relevant findings and conclusions.

Any complaint involving a supervisor should be reported to the Head Administrator. Any complaint about the Head Administrator should be reported to the School Board President.

No employee will be discharged or retaliated against in any manner because the employee complained about sexual or prohibited harassment, or cooperated with an investigation of a complaint of prohibited harassment. However, if the complaint or the information provided in the investigation is found to be false and made in bad faith, the employee may be subject to discipline up to and including discharge.

Any employee who is found after appropriate investigation to have engaged in sexual or other prohibited harassment of another employee as well as any employee who retaliates against an employee in violation of this policy shall be subject to disciplinary action up to and including termination.
