The Nominations Process

The Nominating Committee, after receiving all nominations, will submit a single slate of Nominees to the Board for consideration and approval. Nominees will be required to attend the meeting at which an election is held and will be interviewed by the Governing Council in a public session. Only individuals with no real or apparent conflicts of interests will be eligible.

Duties of a Director

Board duties include but are not limited to: active participation in a policy-based governance system, adhere to fiduciary responsibility, provide direction for the Southwest Primary Learning Center goals, activities and status, serve on ad hoc committees, and work in collaboration with Southwest Intermediate Learning Center, Southwest Secondary Learning Center and Southwest Aeronautics, Mathematics and Sciences Academy on special projects.

Please note: Many people are nominated for a few open Board positions. A rigorous selection process follows nomination, including screening, interviewing, checking of references and matching with current Board needs. Incomplete or late nomination forms will not be considered.
