

Happy March 1

Day Light Saving spring forward **March 12**.

Parent Teacher Conferences will be held on Zoom **March 14 and 16**. Ms. Townsend sent out the link to sign up. If you did not receive it, or missed it please let us know. Students will still have school.

Spring Break is **March 20-24**.

In ELA we are working very hard in the textbook. I have been holding lunch bunch often to help students with homework. They get a week to complete it. Please make sure they are working on it every night.

Students are writing research papers on WWII, or people for Black History Month. We are learning research skills in class and will be moving on to writing a 5-paragraph essay with MLA citations.

In History, we are moving through the Roman Empire and will soon be moving on to the Byzantine Empire.

In STEAM, we are creating countries. This is a fun project that integrates all types of knowledge and resources. Each week students will be adding more to their country. Ask them about their country.

NWEA scores for Spring were sent home about a week ago.

Thanks,

JaLynn Knight
